3. Quality Policy Statement

The objective of Gaist Solutions Ltd is to collect and analyse data for our customers in order to provide an accurate and detailed map layout of the whole roadscape environment.

In order to achieve this objective, the Company will maintain an effective and efficient Quality Management System based upon the requirements of ISO 9001:2015.

In particular, the Company will:

- Set measurable objectives that will help achieve customer requirements, including:
high standard of customer service, improving client satisfaction, prevent pollution, prevent injury and ill health and promote continual improvement.
Processes and management system controls have been developed to help ensure that these objectives are met and are communicated to all personnel as appropriate.
- Monitor and measure the effectiveness of its business processes and objectives through Management Reviews and the internal audit process
- Proactively seek feedback from customers on how well our services meet their requirements and set objectives for continual improvement
- Analyse the causes of any complaint or problem and take appropriate action to prevent recurrence
- Recruit employees who are customer focused and support them with appropriate training and systems to ensure their competence always meets the Company's requirements
- Provide a work environment that promotes the wellbeing of its employees and encourages positive teamwork
- Encourage all employees to identify problems and make suggestions to improve all aspects of the Company's services and business processes
- Ensure that all employees and people doing work for us are aware of the Quality Policy and are committed to the effective implementation of the Quality Management System
- Ensure that the Company complies with all necessary regulatory and legal requirements

The continual improvement of the Company's Quality Management System is fundamental to the success of its business and must be supported by all employees and people doing work for us as an integral part of their daily work.

This policy is to be read in conjunction with other related company documentation and processes. It will be available as documented information and communicated to employees and other interested parties in line with company processes.

Paula Clayton-Smith
Managing Director
